Located just 30 miles northeast of Atlanta in Lawrenceville, GGC spans more than 260 acres in the heart of Gwinnett County. Students live in modern, suite-style residence halls (flat-screens come standard!), and the campus has everything a student needs including a fitness center and a new, state-of-the-art Library and Learning Center. The new Student Center includes a full-service Barnes & Noble and a dining hall.
You, the student.

NOT US.

We literally built a college from the ground up in just the last eight years, designed for students by students. We reimagined and revolutionized higher education to put you at its center. Our innovative dedication to student success makes a H-U-G-E difference for your future. Because GGC only succeeds when you do.

IT’S ALL ABOUT YOU
We’ve been called pioneers and mavericks. Why? Because every decision we make must pass a test: Will it help YOU succeed? Our small classrooms ensure personal attention. Professors are available by phone, e-mail and text. You always have access to mentoring and 24/7 tutoring. You can find success at GGC no matter your level of academic preparation. Each student matters, and that’s a radical idea.
In every way, frankly.

College is an adventure. You will learn, discover, question and explore more than you’ve ever imagined... about your major, your world and even about yourself. We’ll help you master new skills and find your inspiration. You’ll realize that one person can make a difference and that with a little support you can overcome any obstacles between you and your dreams. You may even surprise yourself.
EXCELLENCE
Dr. Richard Pennington (at left) originally struggled with chemistry, so he understands what it takes to teach it. His own students nominated him for the University System of Georgia’s top teaching award — and he won. In fact, he is the fourth GGC professor to win this student-nominated award in only six years.

BTW
Our faculty have PhDs or other terminal degrees in their fields, and they hail from the nation’s top universities.

SURVEY SAYS
Most graduating seniors say that GGC’s caring faculty made the biggest difference for them during college.

NEED MORE HELP?
GGC provides a variety of convenient tutoring services. You’ll even find tutors in the dining areas.

IT’S NOT A JOB, IT’S A MISSION
All classes are taught by high-quality faculty who are here only because they love to teach. Since our classes are small, they give personal attention other institutions can’t deliver. If you need help with an assignment or a course, they spend extra time with you, perhaps even over lunch. Our professors don’t have office hours. They are available to you in person or by e-mail, phone and text for questions.

And they don’t just teach — they mentor. You will be assigned a specific faculty mentor, but all faculty fill this role. Whether you need advice about life, careers, internships or competing for a special academic program, they are there to inspire and encourage you. They’ll even recommend you for conferences, research projects and other activities that will help prepare you for your future. They will welcome you into the college community during your “March Through the Arch” ceremony, and they will personally congratulate you when you graduate.

Think of them as your own personal coaching staff.

College life isn’t just about academics. Meet world-renowned authors, travel to amusement parks, ride white-water rapids, take a spin class or go on an excursion with the photography club. Make new friends, start new hobbies, refine your talents or just have fun with others who share your interests.

GGC’s students have founded more than 100 clubs and organizations. Whether you are into gaming, music, astronomy, ultimate Frisbee, community service or even pink zombies, there is something here for everyone. But if you don’t find a club that feeds your passion, start your own. At GGC, your opportunities are unlimited.

There also are clubs and honor societies specific to different fields of study, so you can get ahead in your chosen career through conferences, networking and special events. Extracurricular activities are a great way for you to learn marketable skills that will help you succeed once you graduate.

GRIZZLIES ARE ANYTHING BUT TYPICAL

Check out the list of 100+ clubs and organizations at getinvolved.ggc.edu/organizations.

SO MANY CHOICES
JOIN THE GRIZZLIES’ WINNING TRADITION

Well, maybe two years is not long enough to call it a “tradition,” but the GGC Grizzlies have already won three regional and two national championships in intercollegiate athletics ... in only our first year of post-season eligibility. Even our club teams have defeated big-name opponents.

Intramural, club and intercollegiate athletics give students of any skill level opportunities for fitness and the unique learning experiences of team sports.

Visit grizzlyathletics.com for more on our winning intercollegiate programs in baseball, softball, men’s and women’s soccer and men’s and women’s tennis.

Intramurals include basketball, soccer, tennis, golf, dodgeball, racquetball, flag football, softball and volleyball and even pick-up games in wiffleball and other sports. You will find club sports like swimming, table tennis and more listed at www.ggc.edu/intramurals.

If team sports isn’t your thing, you can work out, shoot hoops or enjoy a swim in our campus Wellness and Recreation Center, and cheer for the Grizzlies in our new athletics complex.
You will live and work in a world more interconnected than ever before. To prepare you for success in the global economy, GGC introduced a campus-wide program to maximize your opportunities for international experiences by infusing internationalized courses throughout the core curriculum, majors, and upper-level electives.

We bring the world to you through enhanced class content, special courses and internationally themed activities. You can immerse yourself in other cultures by studying jungle ecology in Central America, serving the underprivileged in Africa, learning about international business in Europe or taking a college course in another nation. You can even earn a global studies certification to supplement your degree.

With a GGC education, you will be ready to navigate our ever-changing world as an informed and engaged global citizen.
KELLY KIMBALL  History
Kelly Kimball’s Cherokee heritage created a life-long passion for history. She credits GGC’s small classes for meaningful mentorships with professors who helped her develop her career vision. Embracing community service, she volunteered at the Gwinnett Environmental and Heritage Center and for several history-oriented events. She was a tour guide at an 1860s Banks County home listed on the National Register of Historic Places and is vice president of the Gwinnett Historical Society. She plans to pursue both her master’s and doctorate degrees so she can share her passion for history with future generations.

CONNOR CLEMENTS  BUSINESS
A standout student-athlete on the national champion Grizzly men’s tennis team, Connor’s time at GGC is a homecoming of sorts. Born in Lawrenceville, Ga., Connor later moved with his family to Charleston, S.C., but he now calls Gwinnett County home once again. He is involved away from competition with Special Olympics events and teaching youth tennis clinics. A business major at GGC, Connor is interested in one day working in sports marketing. For now, he is an All-American selection looking to help bring the Grizzlies another championship.

VICTORIA THOMPSON  Education
Victoria Thompson has loved photography for most of her young life. While she is pursuing a degree in education, she takes advantage of opportunities at GGC to expand her hobby and enhance her educational experience. She has a part-time, work-study job in the Office of Public Affairs, for which she takes photos of many campus events and activities. She is a member of the Honors Program and president of the Photography Club. She attended a five-week photography program in France, her second study-abroad trip. She plans to become a teacher while pursuing freelance photography.

SEIJIN TRANBERG  Political Science
Seijin Tranberg enrolled at GGC with no clear direction, but thanks to the inspiration and support of faculty and some soul searching, he is now on a mission to cause international change. Despite a hectic schedule including work and family commitments, he was an influential leader in the Greenlight Activities Board, founded the International Affairs Society and served as president of the Student Government Association two years in a row. As his interest in global leadership came into sharper focus, he incorporated study abroad programs into his education. He spent a summer at the University of the Virgin Islands, a semester in China and is now in South Korea as GGC’s first Fulbright Scholar. He plans to do management consulting before enrolling in graduate school.

CHOOSE YOUR PATH TO SUCCESS

SERVE PROUDLY
Combine your degree with U.S. Army ROTC as a cadet with Grizzly Company.
Located about 30 minutes northeast of Atlanta in the heart of Gwinnett County, GGC spans more than 260 wooded acres.

The college is conveniently located near shopping, theaters, dining, nightlife and Lawrenceville’s vibrant downtown. Highway access allows quick trips to the many exciting, big-city amenities of Atlanta, the relaxing shores of Lake Lanier or the beautiful trails and waterfalls of Georgia’s mountains. Both the Atlantic and Gulf coast beaches are only a few hours’ drive away. A variety of festivals, concerts and other special events are scheduled year-round at many local venues. The area enjoys all four seasons, with short, mild winters and long, sunny summers.

Local attractions include:
- Mall of Georgia
- Stone Mountain
- The Arena at Gwinnett Center
- Aurora Theatre
- Georgia Aquarium
- The Appalachian Trail
- Six Flags Over Georgia
- Numerous museums
- Atlanta Falcons football
- Atlanta Braves baseball
- Atlanta Hawks basketball
- Gwinnett Braves minor league baseball (AAA)
- Gwinnett Gladiators minor league hockey

LIVE ON CAMPUS
Modern, suite-style student housing with private bedrooms (flat-screen TVs included) puts you only a 10-minute walk from class, the Library and Learning Center, and the full-service Student Center and its all-you-can-eat dining hall.

Mostly built within the last four years, the 21st century campus also includes state-of-the-art instructional and laboratory facilities, a Wellness and Recreation Center, professional-sized athletic fields, a Barnes & Noble bookstore, several restaurants and a high-tech patient care/clinical learning center.

Application
What are you waiting for? GGC accepts online applications all year round, and the process is simple.

Complete an electronic application at gacollege411.org. If you’re a first-time user, you’ll need to create an account. Don’t worry – the process is secure and convenient. You’ll also be provided a username and PIN so you can check your application status.

Transcripts
If you’re a freshman or student with fewer than 30 transfer hours, you must request that your most recently-attended high school submit an official transcript. If you’ve attended college (as a transfer or HOPE-ACCEL student), you must request official transcripts from all colleges previously attended. They must be sent directly to GGC.

Affordability and Financial Aid
GGC's affordable in-state tuition is about $118 per credit hour and capped at less than $1,775 for full-time students. In addition, there is a full suite of financial aid services to help offset out-of-pocket expenses. For more information, contact the office of Financial Aid at 678.407.5701.

Test Scores
Beginning freshmen and transfer students not receiving transfer credits for English 1101 and college algebra must submit official SAT, ACT or COMPASS test scores.

Application Fee
A required $20 fee must be submitted electronically with your application.

For a complete list of admissions requirements visit www.ggc.edu/admissions.

The mailing address for submission of all documents is:

Georgia Gwinnett College
Office of Admissions
1000 University Center Lane
Lawrenceville, GA 30043
