Students are *strongly advised* to check with the program they plan to apply to for specific prerequisites.

**What factors are considered in the admission process for Physician Assistant students?**

1. Preferred cumulative undergraduate GPA 3.0 and undergraduate Natural Science GPA of 2.75 or better.
2. Completion of a Bachelor’s of Science/Arts degree from an accredited university is required by most PA programs.
3. Official GRE scores must be submitted from all three sections of the general test. Preference given to applicants whose combined scores are 1000 or above on the verbal and quantitative sections.
4. Three References – one from a PA or physician, one from a college/university instructor, one additional non-relative.
5. Clinical Experience demonstrating direct patient care (1,000-5,000 hours preferred).
6. The student should have observed physician assistants in a variety of PA clinical settings.

**Physician Assistant Programs in Georgia**

1. Medical College of Georgia – Master of Physician Assistant Program
2. Mercer University – Physician Assistant Program
3. Emory University School of Medicine – Physician Assistant Program
