Accessibility to Information and Non-Discrimination Statement

It continues to be the policy of Georgia Gwinnett College to implement affirmative action and equal opportunity for all employees, students and applicants for employment or admission without regard to race, color, creed, religion, national origin, sex, age, sexual orientation, gender expression, gender identity, ethnicity, genetic information, veteran status, or disability.

The college’s affirmative action program and related policies are developed in compliance with Executive Orders 1124, as amended; Title VI and VII of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; the Age Discrimination in Employment Act of 1967; the Vietnam Era Veterans Readjustment Assistance Act of 1974, as it amends 38 U.S.C. 4212; the Rehabilitation Act of 1973 (Sections 503 & 504); Genetic Information Nondiscrimination Act of 2008 (GINA); the Pregnancy Discrimination Act of 1978; the Americans with Disabilities Act of 1990 (Title II) and their implementing regulations.

In conformance with the federal regulations listed above, Georgia Gwinnett College does not discriminate against any employee or applicant for employment or against any student or applicant for admission with regard to any opportunity for which the employee or student is qualified.

Georgia Gwinnett College will provide reasonable accommodation to employees, applicants for employment, students, and patrons who have physical and/or mental disabilities, in accordance with applicable statutes. Georgia Gwinnett College will take affirmative action to employ and advance in employment persons who are qualified disabled veterans, veterans of the Vietnam Era, or other covered veterans.

Every member of this college community is expected to uphold this policy as a matter of mutual respect and fundamental fairness in human relations. The policy has the unequivocal support of the Office of the President. All members of the staff, faculty, and student body are expected to ensure that nondiscriminatory practices are followed at Georgia Gwinnett College.
Annual Security Report

Reporting Crimes and Other Emergencies

Georgia Gwinnett College has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate College officials. Due to the high usage and availability of cell phones on the campus by students, staff and faculty, GGC does not utilize dedicated emergency phones.

Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire College community that you immediately report all incidents to the Campus Police at 678-407-5333 to ensure an effective investigation and appropriate follow-up actions, including issuing a Crime Alert or emergency notification.

Voluntary, Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage our campus community members to report crimes promptly and to participate in and support crime prevention efforts. The campus community will be much safer when all our members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within Georgia Gwinnett College or the criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow Georgia Gwinnett College to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security Report. In limited circumstances, the Department may not be able to assure confidentiality and will inform you in those cases.

Anyone may call the Campus Police at 678-407-5333 to report concerning information. Callers may remain anonymous.

Reporting to Campus Police

We encourage all members of the campus community to report all crimes and other emergencies to campus police in a timely manner. Campus police have a dispatch center that is available by phone at 678-407-5333 or in person twenty-four hours a day at Building D, 20 Collins Industrial Way, Lawrenceville, Ga 30043. Though there are many resources available, campus police should be notified of any crime, whether or not an investigation continues, to assure Georgia Gwinnett College can assess any and all security concerns and inform the campus community if there is a significant threat to the campus community.
Other Security Authorities

Georgia Gwinnett College has many uniformed security employees throughout the Georgia Gwinnett College campus. There are uniformed security employees in Housing, Library, Building D and Student Patrols in the remaining buildings. Uniformed security personnel provide direct communications to the Campus Police Communications Center. Please visit GGC Public Safety website, reporting emergencies.

Anonymous Reporting

If you are interested in reporting a crime anonymously, you can utilize the Anonymous Tips that can be accessed through the GGC Public Safety website, reporting emergencies. By policy, we do not attempt to trace the origin of the person who submits this form, unless such is deemed necessary for public safety. Persons may also report crimes through the National Crime Stoppers at 1-800-222-TIPS or via the Crime Stoppers website. You can also submit tips through State Crime Stoppers at 1- 404-577-TIPS or via the Greater Atlanta Crime Stoppers website. Anonymous reporting may be accomplished through the LiveSafe App LiveSafe.

Reporting to Other Campus Security Authorities

While Georgia Gwinnett College prefers that community members promptly report all crimes and other emergencies directly to the Campus Police at 678-407-5333 or 911, we also recognize that some may prefer to report to other individuals or College offices. The Clery Act recognizes certain College officials and offices as “Campus Security Authorities (CSA).” The Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While GGC has identified a significant number of CSAs, we officially designate the following offices as places where campus community members should report crimes:

- Campus Police, 20 Collins Hill Industrial Way, Telephone 678-407-5333
- Dean of Students, Student Center, Room 3140, Telephone 678-407-5882
- Office of Student Integrity, Student Center, Room E-2150, Telephone 678-407-5661
- Office of Diversity and Equity Compliance
- B-Building, Suite 3700, Telephone 678-407-5010
- Title IX Coordinator: Jarmon DeSadier
- Residence Life, Telephone 678-407-5501 Pastoral and Professional Counselors

According the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Georgia Gwinnett College to serve in a counseling role are not considered Campus
Security Authorities when they are acting in the counseling role. As a matter of policy, Georgia Gwinnett College encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

It’s Up to Each of Us

Georgia Gwinnett College takes great pride in the community and offers students, faculty, and staff many advantages. This campus community is a great place to live, learn, work and study, however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, Georgia Gwinnett College has taken progressive measures to create and maintain a reasonably safe environment on campus.

Though Georgia Gwinnett College is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when living, working or visiting on campus.

The Office of Public Safety prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act using information maintained by the Campus Police, information provided by other College offices such as the Office of Diversity, Equity, and Title IX Program Administration, Student Affairs, Residence Life, and other Campus Security Authorities and information requested from local law enforcement agencies surrounding the main campus. Each of these offices provides updated policy information and crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased or controlled by Georgia Gwinnett College. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

Georgia Gwinnett College distributes a notice of the availability of this Annual Security Report by October 1 of each year to every member of the campus community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the Campus Police at 678-407-5710 or by visiting online: Crime/Fire Statistics and Reports.

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The Campus Police maintains cooperative relationship agreements with the Georgia State Police, Local Police Agencies, Federal Law Enforcement Agencies, and other first responder agencies. This includes inter-operative capabilities and a joint police records computer system (City of Lawrenceville), training programs, special events coordination, and investigation of serious incidents and crimes.

Georgia Gwinnett College participates in an Inter-municipal County Mutual Aid Agreement that authorizes police officers and supervisors of the participating agencies to request mutual aid for incidents based upon a reasonable belief that such aid will enhance the public’s and/or officer safety and efficiency.

Local agencies participating in the written mutual aid agreement include local law enforcement and emergency response agencies in Gwinnett County who have signed a written agreement form (Written Memoranda of Understanding) that ensures local police support during critical events on campus to include the investigation of alleged criminal offenses. The written
agreement also allows for joint training and cooperation on other matters, such as pre-planned large-scale special events, amongst the participating agencies.

**Crimes Involving Student Organizations at Off-Campus Locations**

Georgia Gwinnett College relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Georgia Gwinnett College students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, the Campus Police will actively investigate certain crimes occurring on or near campus. If the Campus Police learn of criminal activity involving students or student organizations, it will coordinate with the appropriate external law enforcement agency to forward information about the situation to the Office of Student Integrity, as appropriate.

Georgia Gwinnett College requires all recognized student organizations to abide by federal, state, and local laws, policies and regulations. Georgia Gwinnett College may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to affect a Substantial College Interest (as defined in Georgia Gwinnett College Off-Campus Misconduct Policy) at Student Integrity.

**Timely Warning Reports – Crime Alerts**

In an effort to provide timely notice to the campus community in the event of a Clery Act crime that may pose a serious or on-going threat to members of the community, the Campus Police give timely warnings by issuing “Crime Alerts.” The Campus Police will generally issue Crime Alerts for the following crimes: arson; aggravated assault; criminal homicide; robbery; burglary; sexual assaults; and hate crimes. Campus Police will post these warnings through a variety of ways, including but not limited to posters, e-mails, and media.

Georgia Gwinnett College also has the ability to send text message alerts to those who register Get RAVE their cell phone numbers. Text messaging can be a very effective way to send important information to the campus community.

The purpose of these Crime Alerts is to notify the campus community of the incident and to provide information that may enable community members to protect themselves from similar incidents. Georgia Gwinnett College may issue Crime Alerts whenever the following criteria are met:

A crime is committed;
The perpetrator has not been apprehended; and
Substantial risk exists to the physical safety of other members of the campus community because of this crime.
Such crimes include, but are not limited to:
Clery Act crimes that are reported to any campus security authority or the local police; or
Georgia Gwinnett College determines that the incident represents an on-going threat to the campus community.

Additionally, the Campus Police may, in some circumstances, issue Crime Alerts when there is a pattern of crimes against persons or property. At Georgia Gwinnett College, the Chief of Campus Police is responsible to make the determination, in consultation with other College offices, when a Crime Alert is required. When the decision to issue a crime warning is made, the Office of Public Safety will issue the crime warning. In emergency situations and the police chief is not immediately available, any police supervisor may authorize the issuance of a Crime Alert. For incidents involving off-campus crimes, Georgia Gwinnett College may issue a Crime Alert if the crime occurred in a location used and frequented by Georgia Gwinnett College population. Crime alerts will be placed on the GGC Public Safety website, emailed, posters placed in campus housing and at building entrances.

**Emergency Response and Evacuation Procedures**

The Office of Emergency Management is responsible for the Emergency Operations Plan (EOP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education that includes planning, mitigation, response, and recovery actions.

Priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency
- Coordination with Building managers and College departments to write, maintain, test, and exercise the EOP
- Cooperation, Integration, and Mutual Aid with local, state and federal planning, response, and public safety agencies and their EOPs.

A summary of the College’s emergency response procedures is located at [GGC Public Safety Website – Emergency Management](#) and [GGC Public Safety Website – Emergency Communications](#). Included in these web pages is detailed information regarding the GGC’s emergency notification policy, including how to enroll in the emergency notification system to ensure everyone receive emergency notices on their cell phone.

**Drills, Exercises and Training**

Annually, Georgia Gwinnett College conducts an emergency management exercise to test emergency procedures. The scenarios for these exercises change from year-to-year, and include several departments from across the campus.
To ensure the GGC’s emergency management plans remain current and actionable, the College will conduct an emergency management exercise, at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale multi-agency emergency response exercises. Georgia Gwinnett College conducts after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, Georgia Gwinnett College will notify the community of the exercise and remind the community of the information included in the College’s publicly available information regarding emergency response procedures at Office of Public Safety.

Emergency Notification

Georgia Gwinnett College is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. Georgia Gwinnett College uses a multi-leveled emergency notification system. GGC has partnered with Rave Mobile Safety, the leader in mobile safety, to offer an alert notification system, Rave Alert, capable of sending users text, recorded voice, social media, and email messages. Any GGC student, staff or faculty member (mandatory for employees), or campus partner can subscribe to the Rave Alert service. RAVE is an emergency notification service available to students, staff, and anyone in Georgia Gwinnett College community who wants to subscribe. RAVE can be used to send emergency messages within minutes of the occurrence of an incident. Alerts sent by RAVE are simulcast to Georgia Gwinnett College community via the GGC main web page at, GGC Main Website, the Georgia Gwinnett College’s Facebook page, Twitter, or at the subscriber’s choice, their e-mail account.

Georgia Gwinnett College performs a College-wide annual test of the alert system. The following procedures outline the process Georgia Gwinnett College uses when issuing emergency notifications.

Procedures Used to Notify the Campus Community

In the event of a situation that poses an immediate threat to members of the campus community, Georgia Gwinnett College has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all or a segment of campus community. These methods of communication include the mass notification system RAVE, the College’s e-mail system, and verbal announcement within a building and public address system on police cars. Georgia Gwinnett College will post updates during a critical incident on the homepage. If the situation warrants, Georgia Gwinnett College will establish a telephone call-in center to communicate with the campus community during an emergency situation.
Confirming a Significant Emergency or Dangerous Situation

The Office of Public Safety and/or other campus first responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the Office of Public Safety Communications Center or upon discovery during a patrol or other assignments.

First responders will confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community. First responders will then notify supervisors in the Office of Public Safety or other authorized College officials to issue an emergency notification.

The College’s authorized representatives will immediately initiate all or some portions of the College’s emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim(s) or to contain, respond to, or otherwise mitigate the emergency, Georgia Gwinnett College may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, Georgia Gwinnett College will issue the emergency notification to the campus community.

Determining Who Receives an Emergency Notification

College and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the campus community should receive the notification.

Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. Georgia Gwinnett College may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the Georgia Gwinnett College mass notification system, Georgia Gwinnett College will also post applicable messages about the dangerous condition on Georgia Gwinnett College homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, College officials will distribute the notification to the entire campus community.

Determining the Contents of the Emergency Notification

The Office of Public Safety responsible for issuing the initial emergency notification (usually the Police communications officers) will, in concert with College and local first responders, determine the contents of the notification. Georgia Gwinnett College has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the on-going situation and modify it to
address the specifics of the present incident. In those cases where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety. The Office of Public Relations will normally issue additional emergency messages as directed by the Executive Management Team.

Procedures for Disseminating Emergency Information to the Greater Community

The Office of Public Relations is responsible for preparing and disseminating all external media communications for Georgia Gwinnett College. All communications will contain as much information that is necessary for the local community and public safety agencies to take appropriate safety measures to protect their citizens. Public Relations will coordinate and inform local media outlets through telephone, email and text communications. The Office of External Affairs will provide critical incident information to local elected officials.

Enrolling in the College’s Emergency Notification System

We encourage members of the campus community to enroll in the RAVE system by visiting GGC Public Safety Website – Emergency Communications. We encourage College community members to regularly update their information at the same site.

Security of and Access to Campus Facilities

At Georgia Gwinnett College campus, administrative buildings (normal business hours) are open from 7:00 a.m. until 11:00 p.m., Monday through Friday, and academic buildings generally are open from 7:00 a.m. until 11:00 p.m., Monday through Saturday while classes are in session. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access.

Many cultural and athletic events held in Georgia Gwinnett College facilities are open to the public. Other facilities such as the bookstore, library, and the Athletic Complex are likewise open to the public. Only those who have demonstrated a need are issued keys to a building. All master key requests have to be approved by the VP of Operations.

Special Considerations for Residence Hall Access

At Georgia Gwinnett College, all residence halls operate under a computerized Access Control and Security Monitoring System. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that hall; the system denies entry to all unauthorized persons. When any exterior side door is opened, an audible alarm is activated. Contract Security Officers are responsible for checking and securing doors, when needed. When a door is malfunctioning, personnel are summoned for immediate repair. All residents should remember to lock their doors and windows. All residence hall and apartment
exterior doors are equipped with locks and with crash bars to ensure a quick emergency exit. Only residents and their invited guests are permitted in the living areas of the residence halls. It is the resident’s responsibility to ensure that his/her guest is aware of Georgia Gwinnett College and residence hall policies. Guests are not provided with room keys or door access cards. All guests must be escorted by a resident (host) of the building at all times. All exterior doors are locked 24 hours a day. It is the responsibility of residents to check in at the security desk each time they enter and leave the building. Residents are required to have their guests check in at the security desk. It is the responsibility of the residents and staff members to challenge or report individuals who cannot be identified as residents or the guests of residents. When Campus Police receive a report of an unescorted person in a residence hall, a police officer is dispatched to identify that person. Campus Police assign the largest number of its officers between the hours of 11:00 p.m. until 7:00 a.m. Most of these officers spend much of their time patrolling in and around the residence hall complexes. Contract Security Officers are assigned to patrol the residence hall areas 24 hours a day 7 days a week or any time there are residents present in the building. During low-occupancy periods such as holidays and scheduled breaks, students may be consolidated into designated buildings and gain access via the College’s electronic access control system. During the summer when groups (Summer Camps) who are not regularly associated with Georgia Gwinnett College are using Georgia Gwinnett College residence halls, exterior doors are locked 24 hours a day. Each guest is issued an identification card that allows him or her to gain access to their assigned building via the electronic access control system. Residence Halls are staffed 24 hours per day by contract security guards. Campus Police personnel also conduct regular checks of residence hall areas.

Security Considerations for the Maintenance of Campus Facilities

Georgia Gwinnett College is committed to campus safety and security. At the College, locks, landscaping and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings and from building to building.

The Office of Public Safety conducts surveys of College property twice each year to evaluate campus lighting. At night, building walkways, parking lots and roadway lighting provide most of the pedestrian illumination on campus. Temporary parking lot lighting is in most of the gravel lots.

We encourage community members to promptly report any security concern, including concerns about locking mechanisms, security lighting, or landscaping to Georgia Gwinnett College Police.
Campus Security Policies, Crime Prevention and Safety Awareness Programs

In addition to the many programs offered by the Campus Police and other College offices, Georgia Gwinnett College has established a number of policies and procedures related to ensuring a reasonably safe campus community. These policies include:

Student Behavioral Concerns Team

In order to extend our efforts on emergency preparedness and prevention, Georgia Gwinnett College has established a Behavioral Threat Management Team (Student Behavioral Concerns Team) per the guidelines suggested by the National Center for Higher Education Risk Management. The objective of the Student Behavioral Concerns Team (SBCT) is to put in place a structured process for evaluating potentially threatening situations that occur at the College. The multi-disciplinary team is comprised of members from around Georgia Gwinnett College community. If you would like further information about the SBCT please review the GGC Student Handbook.

GGC Student Handbook

Weapons Policy

Authorized law enforcement officers and others specifically authorized by Georgia Statutes and or Federal Law are allowed to carry firearms on campus. Campus Police do not provide storage facilities for any personal weapons for members of Georgia Gwinnett College. Failure to comply with Georgia law may result in legal and disciplinary action against violators.

The Office of Student Integrity

The mission of the Office of Student Integrity is to promote a safe, orderly, and civil College community and to encourage and inspire students to become good citizens by engaging in personal responsibility, ethical decision making, and demonstrating respect for the rights and safety of others.

The Student Code of Conduct

The Office of Student Integrity is responsible for administering the Code of Conduct for Students, which articulates the behavioral standards and the equitable procedures employed by Georgia Gwinnett College to respond to allegations of student misconduct.

The Code of Conduct for Students is administered at all College locations and may also address off campus student misconduct when a student’s behavior affects a Substantial College Interest.

Students who are found responsible for violations may be subject to sanctions ranging from Disciplinary Warning, Disciplinary Probation, up to Suspension or Expulsion from the College. Students residing in campus housing may also lose the privilege of living on campus for violating College rules and regulations or conditions of the housing contract.

In most cases, the Office of Student Integrity will also assign developmental and educational interventions designed to promote greater awareness and improved decision-making for students and to further deter future misconduct.

In instances where there is reasonable cause to believe a student is an immediate threat to the safety of himself/herself or other persons or property or is an immediate threat to disrupt essential campus operations, the Office of Student Integrity will ensure actions are taken that are designed to protect the health and safety of the community and members therein.

Any individual or entity may submit reports alleging student misconduct to the Office of Student Integrity or designee at the campus where the incident occurred.

These guidelines apply to all students, faculty, staff, contractors, and visitors. Georgia Gwinnett College does not discriminate on the basis of sex in its educational programs nor tolerate sexual violence, which is a type of sex discrimination. Other acts can also be forms of sex-based discrimination and are prohibited, whether gender-based or not, and include intimate partner violence, and stalking. Georgia Gwinnett College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs and procedures that address sexual assault, intimate partner violence, and stalking, regardless of whether the incident occurs on or off campus, and regardless of how these events are reported to a College official. Georgia Gwinnett College Definitions

Dating Violence

Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The existence of such relationship shall be determined based on the totality of the circumstances including, without limitation to: (1) the length
of the relationship; (2) the type of relationship; and (3) the frequency of interaction between the persons involved in the relationship.

Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of Domestic Violence.

**Domestic Violence**

Violence committed by a current or former spouse or intimate partner of the alleged victim; by a person with whom the alleged victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, or by a person similarly situated to a spouse of the alleged victim.

**Sexual Assault**

Sexual Assault consists of (A) Nonconsensual Sexual Contact and/or (B) Nonconsensual Sexual Penetration that occurs without (C) Consent.

Nonconsensual Sexual Contact is any physical contact with another person of a sexual nature without the person’s consent. Nonconsensual Sexual Contact includes, but is not limited to:

- Touching of a person’s intimate parts such as the breasts, buttocks, inner thighs, groin, or genitals, whether clothed or unclothed;
- Touching a person with one’s own intimate parts; or
- Forcing a person to touch his or her own or another person’s intimate parts. This provision also includes “Fondling” as defined by Clery Act\(^1\).

Nonconsensual Sexual Penetration is any penetration of the vagina, anus, or mouth by a penis, object, tongue, finger, or other body part; or contact between the mouth of one person and the genitals or anus of another person. This provision also includes “Rape, Incest, and Statutory Rape” as defined by the Clery Act\(^2\).

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Incest: Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape. Non-forcible sexual intercourse with a person who is under the statutory age of consent (16 in Georgia).

---

\(^1\) Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age and/or because of his/her temporary or permanent mental incapacity.

\(^2\) Rape:
Consent: Words or actions that show a knowing and voluntary willingness to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, intimidation or coercion; by ignoring or acting in spite of objections of another; or by taking advantage of the incapacitation of another where the respondent knows or reasonably should have known of such incapacitation. Minors under the age of 16 cannot legally consent under Georgia law.

Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent.

Consent can be withdrawn at any time by a party by using clear words or actions.

Knowing: Consent must demonstrate that all individuals understand, are aware of, and agree to the “who” (same partners), “what” (same acts), “where” (same location), “when” (same time), and “how” (the same way and under the same conditions) of the sexual activity.

Voluntary: Consent must be freely given. Expressed clearly in words or actions: Consent should articulate a person’s expectations and agreement to engage in specific sexual activity. This means that silence, passivity, submission, or the lack of verbal or physical resistance (including the lack of a “no”) should not — in and of themselves — be understood as consent. Consent cannot be inferred by an individual’s manner of dress, the giving or acceptance of gifts, the extension or acceptance of an invitation to go to a private room or location, or going on a date.

Mutually agreed upon sexual activity: Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Past consent for sexual activity does not imply consent for any future sexual activity.

Each stage: Either party may withdraw consent at any time. Withdrawal of consent should be outwardly demonstrated by words or actions that clearly indicate a desire to end sexual activity. Once withdrawal of consent has been expressed, sexual activity must cease. Consent cannot be given if any of the following are present: Force, Coercion, or Incapacitation.

Force is the use or threat of physical violence or intimidation to overcome an individual’s freedom of will to choose whether or not to participate in sexual activity or provide consent. There is no requirement that a party resist the sexual advance or request, but resistance will be viewed as a clear demonstration of non-consent.

Coercion is unreasonable pressure for sexual activity. Coercion is more than an effort to persuade, entice, or attract another person to have sex. Conduct does not constitute coercion unless it impairs an individual’s freedom of will to choose whether to participate in the sexual activity.

Incapacitation: The physical and/or mental inability to make informed, rational judgments. It can result from mental disability, sleep or any state of unconsciousness, involuntary physical restraint, status as a minor under the age of 16, or from intentional or unintentional taking of alcohol and/or other drugs. Whether someone is incapacitated is to be judged from the perspective of an
objectively reasonable person.

The standard that will be applied is whether the responding student knew, or a sober reasonable person in the same position should have known, that the other party was incapacitated and therefore could not consent to the sexual activity. The College considers sexual contact while under the influence of alcohol or drugs to be risky behavior. Alcohol and drugs impair a person’s decision-making capacity, awareness of the consequences, and ability to make informed judgments. Being intoxicated or impaired by drugs or alcohol is never an excuse for sexual misconduct and does not excuse one from the responsibility to obtain consent.

**Sexual or Gender-Based Harassment**

**Sexual Harassment (Student on Student):** Unwelcome verbal, nonverbal, or physical conduct based on sex (including gender stereotypes), determined by a Reasonable Person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to participate in or to benefit from an institutional education program or activity.

**Sexual Harassment (Other Than Student on Student):** Unwelcome verbal, nonverbal, or physical conduct, based on sex (including gender stereotypes), that may be any of the following:

- Implicitly or explicitly a term or condition of employment or status in a course, program, or activity;
- A basis for employment or educational decisions; or
- Is sufficiently severe, persistent, or pervasive to interfere with one’s work or educational performance creating an intimidating, hostile, or offensive work or learning environment, or interfering with or limiting one’s ability to participate in or to benefit from an institutional program or activity.

A hostile environment can be created by anyone involved in a college program or activity (e.g., administrators, faculty members, students, and even campus guests). Mere offensiveness is not enough to create a hostile environment. In evaluating whether a hostile environment exists, the College will consider the totality of known circumstances, including, but not limited to:

- The frequency, nature and severity of the conduct;
- Whether the conduct was physically threatening;
- The effect of the conduct on the reported victim’s mental or emotional state;
- Whether the conduct was directed at more than one person;
- Whether the conduct arose in the context of other discriminatory conduct;
- Whether the conduct unreasonably interfered with the reported victim’s educational or work performance and/or College programs or activities; and
- Whether the conduct implicates concerns related to academic freedom or protected speech.
Sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in VAWA may constitute Sexual or Gender-Based Harassment.

**Sexual Exploitation**

Taking non-consensual or abusive sexual advantage of another for one’s own advantage or benefit, or for the benefit or advantage of anyone other than the one being exploited.

Examples of sexual exploitation may include, but are not limited to, the following:

- Invasion of sexual privacy;
- Prostituting another individual;
- Non-consensual photos, video, or audio of sexual activity;
- Non-consensual distribution of photo, video, or audio of sexual activity, even if the sexual activity was consensual;
- Intentional observation of nonconsenting individuals who are partially undressed, naked, or engaged in sexual acts;
- Knowingly transmitting an STD or HIV to another individual through sexual activity;
- Intentionally and inappropriately exposing one’s breasts, buttocks, groin, or genitals in non-consensual circumstances; and/or

Sexually-based bullying.

**Sexual Misconduct**

Includes, but is not limited to, such unwanted behavior as dating violence, domestic violence, nonconsensual sexual contact, sexual exploitation, sexual harassment and stalking.

**Stalking**

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress. For the purposes of this definition:

- Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with person’s property.
- Reasonable person means an individual who is objectively reasonable under similar circumstances and with similar identities to the person being evaluated by the institution.
Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily, require medical or other professional treatment or counseling.

**Reporting an Incident**

If a student, employee, or visitor has been the victim of an incident of sexual violence, including intimate partner violence, sexual assault, or stalking, they may immediately report it to Office of Diversity, & Equity Compliance located in B Building, Suite 3700, 1000 University Center Lane, Lawrenceville, Georgia, 30043, 678-407-5010. In the case of an emergency or ongoing threat, if possible, get to a safe location and please report the incident to local police by calling 911.

Additionally, students may also report to the Office of Student Integrity at 678-407-5661, Student Center, Building E, 1000 University Center Lane, Lawrenceville Ga 30043. Employees may also report to Human Resources Office at 678-407-5070, Suite 2500, 1000 University Center Lane, Lawrenceville Ga, 30043. Any GGC office such as Student Integrity, Resident Life, Counseling and Psychological Services, Athletics, and Dean of Students will assist any victim of sexual assault, domestic violence, dating violence, and stalking in notifying law enforcement, including local police, if requested by the victim to do so.

GGC officers will respond to campus incidents at locations with a campus affiliation. The reasons for reporting to the GGC Public Safety are:

To take action that may prevent further victimization, including issuing a Timely Warning to warn the campus community of a continuing threat to safety;

To apprehend the assailant; and

To have the incident recorded for purposes of reporting statistics about incidents that occurred on campus.

When the victim files a report with GGC Public Safety, they will be given the option of having a friend present as a source of support and information. If the victim requires medical attention, the officers will summon an emergency medical service. The officers will also preserve evidence and conduct initial interviews. They will recommend a medical and rape examination to support the well-being of the victim and to further collect evidence that may be needed for a criminal case. The victim will have the choice to consent to all or only certain parts of the medical and rape examination and evidence collection. The victim and her or his supporter will be safely escorted to the hospital for the examination. If there is a reasonable suspicion that date rape drugs may have been administered, the officers will encourage the victim to share this concern with the Sexual Assault Nurse Examiner (SANE), so that testing be part of the examination. The officers will include the Gwinnett County Police Department, the agency responsible for the area where the crime occurred, for a cooperative investigation. The police agencies have access to valuable forensic expertise and equipment to process on-the-scene evidence. The victim may
decline this option.

Individuals may also report instances of intimate partner violence, sexual assault, or stalking to GGC’s Title IX coordinator who is responsible for coordinating the institution’s compliance with Title IX. The Title IX coordinator can be reached at 678-407-5085, at titleix@ggc.edu, or in person in Suite 3700, Building B, Lawrenceville, Georgia 30043. College officials will assist Complainant in notifying law enforcement, including local police, if they elect to do so. Victims are also entitled to choose not to report to law enforcement. Students or employees, who report an incident of sexual violence, whether the offense occurred on or off campus, shall receive a written explanation of their rights and options. This written explanation identifies existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims, both within the institution and in the community; and describes options for available assistance in; and how to request changes to academic, living, transportation, and working situations or supportive measures. GGC will make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus policy or local law enforcement.

Procedures Victims May Choose to Follow

If an incident of sexual assault, intimate partner violence, or stalking occurs, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution or obtaining a protection order. The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam. Any clothing removed should be placed in a paper bag. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other Social and electronic communications should be saved and not altered in any way. GGC can provide transportation and accompany a victim to the hospital for an examination and evidence collection.

One of the more serious crimes that too often is unreported is Sexual Assault. It is important to know what these crimes are, because in many cases, victims do not realize they have been victimized. Additionally, crimes of this nature are very difficult for victims to report for a number of very complex reasons. We provide the following information to assist those help who may have been victims of sexual assault or who have a friend who has been sexually assaulted. There are many guidelines to help you be more alert and aware of the situation to prevent such serious crimes. Such as:

Know your surroundings
Be alert
Call for help
Report any suspicious people and/or activity, immediately

If through investigation of an official report, the Campus Police or campus security department determines a student has been missing for more than 24 hours, they will:

Notify the local off campus police.

Contact those individuals provided by the student, as their missing student contact person.

If a student is under 18 years of age, and not an emancipated individual, immediately contact the custodial parent(s) or legal guardian(s) of the student, in addition to the student’s missing student contact person.

**Defining Rape and Sexual Assault**

In Georgia, Rape is defined under O.C.G.A. § 16-6-1 as a “male having carnal knowledge of a
female forcibly and against her will. Carnal knowledge in rape occurs when there is any penetration of the female sex organs by the male sex organs.” The Code recognizes that rape can occur even between spouses so the defendant cannot use the fact that he is married to the person accusing him of rape as a defense. Rape is punishable by death, life imprisonment with or without parole, or a minimum of 25 years imprisonment, followed by probation for life.

In Georgia, Sexual Assault is defined under OCGA§ 16-6-5.1 as “sexual contact” is that is perpetrated by “a person who has supervisory or disciplinary authority over another individual.” While these definitions are clear, victims often have difficulty reporting a sexual assault for numerous reasons such as knowing the perpetrator, fear of retaliation, fear of parents knowing about the incident, fear of getting in trouble with law enforcement.

Despite these concerns, it is vital to report such incidents in order to get help. The following information provides steps to follow should a sexual assault occur:

Get to a safe place as soon as possible!
Try to preserve all physical evidence – The victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until he or she has a medical exam. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department. Advocates from the Gwinnett Sexual Assault Center can be available to the victim to provide support.
Get medical attention as soon as possible – An exam may reveal the presence of physical injury of which the victim is unaware. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraceptive pills are offered to all victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for 6-8 hours after ingestion.
Contact the police – Sexual assault is a crime, it is vital to report it. It is important to remember reporting a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. Final decision to prosecute is determined by the District Attorney.
Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand his/her feelings and begin the process of recovery.

Our Commitment to Addressing Sexual Assault/Rape

Georgia Gwinnett College does not tolerate sexual misconduct or abuse, such as sexual assault, rape or any other forms of nonconsensual sexual activity. Sexual misconduct in any form violates the Student Code of Conduct, College Policies and may violate Federal and State Laws. Violations of this policy are subject to disciplinary sanctions through the Office of Student Integrity and/or Human Resources for employees as outlined in applicable College Policies. GGC Public Safety, and the Dean of Students Office. Victims have the right to report to law enforcement and to be assisted by GGC campus authorities in so doing. Filing a police report does not mean the victim must pursue criminal charges. The victim maintains his/her rights throughout the process. Victims have the right to decline reporting to law enforcement.

Victims have the right to request assistance with changing academic, living, transportation, and working situations or protective measures, if such accommodations are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Victims have the right to request confidentiality from the accused. Victims have a right to amnesty. Information reported by an individual during an investigation concerning use of drugs or alcohol will not be used against the particular individual in a disciplinary proceeding or voluntarily reported to law enforcement.

Georgia Gwinnett College provides the following rights to all sexual misconduct complainant(s) and respondent(s) for GGC Title IX Complaints:

- Parties have the right to be notified, in writing, of existing resources for counseling, mental health, health, victim advocacy, legal assistance, student financial aid, and other services available both on campus and in the community.

- Parties have the right to file a complaint with the U.S. Department of Justice and/or the U.S. Department of Education Office for Civil Rights.
- Parties have the right to file a criminal action in addition to the Title IX complaint.

**College Disciplinary Procedures in Sexual Assault Incidents**

If you have been sexually assaulted, you have options for addressing such conduct. You may wish first to discuss the problem privately with a counselor or an adviser in Counseling and Psychological Services. The Campus Police are always available to assist a victim with getting the support she/he requests.

The College’s student conduct process is designed to afford a complainant (the person who is bringing a charge) and a respondent (the person who is answering a charge) a fair, prompt, and appropriate resolution process. The process is designed to help persons who need support as they address these incidents.

The Office of Diversity, Equity, and Title IX Program Administration handles all reports of sexual misconduct involving students, employees, contractors, and visitors, in conjunction with the Office of Student Integrity and the Office of Human Resources. The Office of Student Integrity assists the resolution proceeding in which a student is the alleged perpetrator. The full text of the protocol for how Georgia Gwinnett College responds to sexual assault complaints through the campus conduct process can be found at [Student Integrity](#). The Office of Human Resources assists the
resolution proceedings for those cases in which an employee is the respondent. In determining
whether the alleged conduct constitutes sexual harassment or assault, the full context in which
the alleged incident occurred must be considered. In any case, both the accuser and the accused
are entitled to the same opportunities to have others present during any disciplinary proceeding.
Both the accuser and the accused will be informed of the outcome of any proceeding.

During any sexual assault complaint proceeding, Georgia Gwinnett College has a range of
sanctions available. Those sanctions may range from probation to expulsion from the College,
depending upon the nature and circumstances of the specific incident.

**Crime Prevention and Safety Awareness Programs**

GGC engages in comprehensive educational programming to prevent and bring awareness about
sexual assault (which includes, but is not limited to, rape), domestic violence, dating violence and
stalking.

**Programs to Prevent**

The term “programs to prevent” refers to comprehensive educational and training programs
intended to prevent violence that incorporate diverse approaches that are culturally relevant,
inclusive of diverse communities and identities, sustainable, responsive to community needs, and
consider risk and protective factors as they occur on the individual, relationship, community and
societal levels.

**Primary Prevention**

The term “primary prevention” refers to programming, initiatives and strategies intended to stop
domestic violence, dating violence, sexual assault, or stalking before it occurs to prevent initial
perpetration or victimization through the promotion of positive and healthy behaviors and beliefs.
Efforts to change behavior and social norms, and promote healthy relationships, healthy sexual
behaviors, and egalitarian gender roles, as well as efforts to understand risk factors and protective
factors for bystander inaction and change social norms around bystander inaction are all examples
of primary prevention.

**Awareness Programs**

The term “awareness programs” refers to programs, campaigns, or initiatives that increase
audience knowledge of the issues of sexual assault, domestic violence, dating violence and stalking
and share information and resources to prevent interpersonal violence, promote safety, and
reduce perpetration. These efforts can include campus communitywide mobilizations as well as
targeted audience specific programming (including both students and employees). Awareness
month campaigns, “Speak Outs,” rallies or marches, informational poster campaigns or resource
websites, and educational programming that focuses on sharing resources and information about
these issues are examples of awareness programs.
Bystander Intervention

The term “bystander intervention” refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the individual. Effective bystander intervention training prepares participants to recognize situations of potential harm, overcome barriers to intervening, identify safe and effective intervention options, and take action.

Risk Reduction

The term “risk reduction” refers to approaches that seek to mitigate risk factors that may increase the likelihood of perpetration, victimization, or bystander inaction. Examples of risk reduction may include but are not limited to general crime prevention education, campus escort programs, programs on how to create individual and community safety plans and strategies, bystander intervention programs that educate the campus on how to recognize and interrupt situations of harm, or implementing a communications system that can notify the entire campus community of immediate threats to security.

Ongoing Awareness and Prevention Campaigns

The term “ongoing awareness and prevention campaigns” refers to campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to sexual assault, domestic violence, dating violence, and stalking prevention. These programs will occur at different levels throughout the institution (i.e. faculty, athletics, and new students) and will utilize a range of strategies. Ongoing awareness and prevention campaigns may include information about what constitutes sexual assault, dating violence/intimate partner abuse, and stalking, changing social norms, promoting recognition of perpetrator tactics, enhancing understanding of consent, and advancing prosocial behaviors of individuals and communities. Effective ongoing awareness and prevention campaigns will include developmentally appropriate content for the specific audience and their knowledge and awareness level as well as provide positive and concrete ways for individuals to get involved.

Office of Diversity, & Equity Compliance is primarily responsible for sexual assault education and awareness in collaboration with many offices at the College. Together, these offices offer a variety of programming focusing on sexual and gender violence.

Alcohol Edu and HAVEN

Alcohol Edu and HAVEN are an interactive online program designed to reduce the negative consequences of alcohol use amongst students. This is a mandatory, online training and test for incoming students addressing alcohol and substance use risks and sexual assault, intimate partner violence, and stalking. The course identifies these offenses as prohibited conduct, defines what behavior constitutes sexual assault, intimate partner violence, and stalking under state and federal
law, defines what behavior and actions constitute consent to sexual activity under state law and Georgia Gwinnett College’s Student Conduct Code, and provides information on safe and positive options for bystander intervention. This program is sponsored by the Office of Diversity, Institutional Equity and Title IX Program Administration, and is mandatory for incoming students.

Bystander Intervention Programs

Bystander intervention education regarding relationship violence prevention is offered to residence hall students, student organizations and classes.

Interpersonal Violence Prevention Database

The Office of Public Safety maintains a comprehensive website regarding interpersonal violence prevention (IVP). Students can obtain information on services for and educational opportunities regarding sexual assault, dating and domestic violence and stalking upon request.

Rape Aggression Defense (RAD) Training

RAD is a personal self-defense weekend class for all students presented by training officers with GGC Public Safety. The course focuses on risk reduction for sexual assaults, robbery, and assaults. This course is available to students through course registration. This program is advertised and sponsored by GGC Public Safety.

Sexual Assault Awareness Month

**On-Campus Student Housing Fire Safety Systems – Residence Halls/Apartments**

Georgia Gwinnett College Student Housing is comprised of three buildings of three to four stories each with identical fire detection and protection systems in all buildings. All were completed as new facilities in August, 2010 and fully comply with all federal and state fire safety requirements. Building 1000 contains 581 beds in 237,799 square feet. Building 2000 has 226 beds in 89,444 square feet, and Building 3000 has 222 beds in 89,527 square feet. Each student housing building has sprinkler systems, covering both the public areas and the private suite and bedroom areas. Fire extinguishers are provided on each hall of the buildings and are also included inside the suites.
Each building is accessible by fire department personnel and their vehicles along a driveway/sidewalk which is specially constructed to receive the loads of all vehicle types needed to respond to emergencies. The building incorporates fire alarm pull stations and automatic smoke detection sensors and is outfitted with a fire alarm system to alert the building occupants in the event that an evacuation is necessary. The alarm system is monitored 24/7 by an off-campus vendor who notifies the Fire Department and the Office of Public Safety of alarm activations. The College has installed an outdoor protective warning siren on the roof of building (Building W), outside of Building D and on the Athletic Field which can be used as a campus public address system notifying the residents, as well as all others within the Georgia Gwinnett College community, that there is a fire or other emergency on the campus.

Each bedroom suite and each hallway have smoke detectors which notify persons that there is an emergency event such as a fire.

Fire Safety Education and Training Programs for Students, Faculty and Staff

The Office of Public Safety in coordination with Housing and Food Service, provides annual training to Resident Assistants (RA).

Topics addressed during this training include:

- Fire prevention in the residence hall
- What you should do in the event of a fire
- How to report a fire or other emergency
- How resident building fire safety systems operate

Resident Assistants coordinate additional fire safety training and education programs for residence hall students.

Other general safety and fire safety information is available to students, faculty and staff at GGC Office of Public Safety.

Fire Incident Reporting

Students, faculty and staff are instructed to call 911 or Campus Police at 678-407-5333 to report a fire emergency.

Non-emergency notifications (e.g., evidence that something burned) are made to Campus Police at 678-407-5333.

Plans for Future Improvements in Fire Safety

Georgia Gwinnett College continues to monitor trends related to residence hall fire incidents and alarms to provide a fire safe living environment for all students. New programs and policies are developed as needed to help insure the safety of all students, faculty and staff. If additional funding was available, it would be used to upgrade fire notification system so alarm monitoring would be an on-campus function.

Crime Prevention Tips

While the Georgia Gwinnett College campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics below, other common crimes that occur on campus are outlined below.

Theft

Theft is a common occurrence on college campuses. Oftentimes this is due to the fact theft is a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim of theft:

Keep doors to residence halls, labs, classrooms locked when not occupied
Don’t provide access to unauthorized persons in the buildings or classrooms
Do not keep large amounts of money with you.
Lock all valuables, money, jewelry, checkbooks in a lock box or locked drawer
Keep a list of all valuable possessions including the makes, models, and serial numbers
Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks
Don’t leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time
Don’t lend credit cards or identification cards to anyone
Report loitering persons or suspicious persons to police immediately; don’t take any chances

Identity Theft

Identity theft is a crime in which someone wrongfully obtains and uses another person’s personal information in some ways that involve fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account or credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.
There are measures you can take to prevent this from happening to you:

Do not give anyone your personal information unless there is a reason to trust them and the release is for good reason. 
Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
Complete a credit check frequently to assure there is no suspicious activity.
Examine financial information often to assure all transactions are authorized and accounted for.
Use of computer security software on computers and installation of firewalls are good.

It is illegal for anyone under 21 years of age to attempt to purchase, purchase, consume, possess, or knowingly and intentionally transport any liquor, malt or brewed beverage. It is also illegal to lie about age to obtain alcohol and to carry a false identification card.

By law, the local police department and Campus Police are required to notify parents or guardians of all underage-drinking violations.

Georgia Gwinnett College has a zero-tolerance policy associated with students consuming beverage alcohol under the age of twenty-one. Not only is this against the State law, it also violates the student code of conduct.

Carrying False I.D.

It is illegal for anyone under 21 to possess an identification card falsely identifying that person by name, age, date of birth, or photograph as being 21 or older to attempt to obtain liquor, malt, or brewed beverage by using the identification card of another or by using an identification card that has not been lawfully issued to or in the name of the person who possesses the card.

Public Drunkenness

It is illegal to appear in any public place manifestly under the influence of alcohol to the degree that you may endanger yourself or other persons or property, or annoy others in your vicinity.

Public drunkenness is a crime when a person appears in any public place manifestly under the influence of alcohol or a controlled substance to the degree that he may endanger himself or other persons or property, or annoy persons in his vicinity.

Public drunkenness also leads to other behaviors and important health concerns. Oftentimes public drunkenness contributes too many criminal mischiefs and disorderly conduct on campus. Persons must be responsible for their own actions and know their limits and tolerance levels before consuming alcohol.
Driving Under the Influence (DUI)

In Georgia, the illegal level for DUI is .08% Blood Alcohol Content (BAC) and .02% BAC for minors. If you’re convicted of a first-time DUI in Georgia, you should expect to spend 24 hours in jail (or 48 hours in some counties). In addition, expect a one-year license suspension. If you’re over 21, you may be able to get your license back at the end of 120 days if you have completed an alcohol/drug risk reduction course and paid the appropriate reinstatement fee.

Also, drivers with any amount of a Schedule I, II, or III controlled substance not medically prescribed (or their metabolites) may not drive, operate, or be in actual physical control of a vehicle.

It is illegal for anyone under 21 years of age to drive a vehicle with a blood alcohol content of .02 or higher.

Refusing a Chemical Test

Any person who drives a motor vehicle automatically gives consent to one or more chemical test (e.g., breath, blood, or urine). This implied consent means that a person doesn’t have the right to an attorney before testing. If a person refuses to submit to a chemical test: 1) the test will not be done; 2) the person’s license will be suspended for one year; 3) the person will most likely be charged with DUI.

Open Container Law

In Georgia, there is no state law allowing persons to carry open containers of alcohol in public (except Savannah, Georgia).

Related Offenses

Possession of Small Amount of Marijuana

A person is unlawful when he unknowingly, knowingly or intentionally possesses a small amount of marijuana (Hashish), a Schedule I substance, and is not authorized by law to possess such substance, and is outlined under the Controlled Substances, Drugs, Device and Cosmetic Act of 1972.

Persons engaged in such activity will most likely face criminal charges and be charged with a violation of the student code of conduct.

Possession of Drug Paraphernalia

A person is unlawful when he possesses, with the intent to use, drug paraphernalia which is used for packaging, manufacturing, injecting, and ingesting, inhaling or otherwise introducing into the human body a controlled substance in violation of the Controlled Substances, Drugs, Device and Cosmetic Act of 1972.
Synthetic Marijuana

Effective March 1, 2011 the U.S. Drug Enforcement Agency classified synthetic marijuana as an illegal substance. This drug may also be known as Spice, K2, Demon, Wicked, Black Magic, Voodoo Spice, and Ninja Aroma. Individuals found responsible for manufacturing, possessing, importing/exporting or distributing these substances will face criminal and civil penalties. College Students engaging in these activities will also be held responsible under the GGC’s illegal substances policy.

Drugs Risks and Consequences
Alcohol and other drug use during pregnancy increases risk of physical harm to the fetus. Additional risks of harm may occur from toxic impurities present in street drugs. Additional risks of harm may occur from the use of prescription drugs in ways other than prescribed. Drugs taken by injection can increase the risk of infection (e.g. HIV, hepatitis, etc.) through needle contamination.

Annual Disclosure of Crime Statistics

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC §1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. The Campus Police maintains a close relationship with all police departments where Georgia Gwinnett College owns or control property to ensure that crimes reported directly to these police departments that involve Georgia Gwinnett College are brought to the attention of Georgia Gwinnett College Police.

The Campus Police collect the crime statistics disclosed in the charts through a number of methods. Police dispatchers and officers enter all reports of crime incidents made directly to the department through an integrated computer aided-dispatch systems / records management system. After an officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The Department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime data that the Campus Police maintain, the statistics below also include crimes that are reported to various campus security authorizes, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub categories on liquor laws, drug laws and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

**Clery Crime Statistics Report**
GGC is presenting a revised annual report of Clery-reportable crimes in order to update and correct previously reported data. The following information is presented based upon a full internal audit.
Annual Disclosure of Crime Statistics
The Clery Act Coordinator is responsible for collecting crime reports from Campus Security Authorities (CSAs), as defined below, for the purposes of compiling annual crime statistics. A several databases are used to import data from Campus Police, Student Affairs (including Residence Life), Athletics, Title IX and Human Resources and to inform the tabulation and reporting of Clery Act crimes. CSAs may also submit information through an online form. The Coordinator also requests and gathers reports from local law enforcement agencies for inclusion in the report.

The Clery Act Coordinator leads the Clery Act Classification Committee in determining the classification and counting of crime statistics. The Committee includes representatives from Campus Police, Title IX, Dean of Students, Residence Life, Housing, Internal Audit and General Counsel. The Committee meets monthly, in addition to ongoing individual collaborative communications.

CSAs are individuals who, because of their responsibilities at GGC, have an obligation to share information with the College about alleged Clery Crimes that are either reported to them and/or personally witnessed by them. At GGC some common examples of CSAs include, but are not limited to, Campus Police, Resident Assistants and Residence Life personnel, Student Affairs personnel, coaches, and Title IX personnel.

**Annual Fire Safety Report**

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for Georgia Gwinnett College.

**Definitions**

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

- On-Campus Student Housing – A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.
- Fire – Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Residence Hall Fire Drills**

Each semester, fire drills are conducted in all on-campus residence halls to allow occupants to
become familiar with and practice their evacuation skills. The drills are conducted by the Resident Directors, Residence Assistants, Community Assistance, Housing Management, GGC Emergency Management, Office of Public Safety and evaluated by the Gwinnett Fire Department.

Fire Safety

Georgia Gwinnett College takes Fire Safety very seriously and continues to enhance its programs to Georgia Gwinnett College community through education, engineering and enforcement. Educational programs are presented throughout the year to faculty, staff and students so they are aware of the rules and safe practices. These programs, which are available at all campus locations, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

All College residence halls have emergency evacuation plans and conduct scheduled fire drills during the school year to allow occupants to become familiar with and practice their evacuation skills.

Georgia Gwinnett College has been a leader in ensuring the safety of students, faculty, staff and visitors who live and work in College operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. All College operated residence halls and apartments are provided with automatic sprinkler systems, smoke detectors and building fire alarm systems to provide early detection and warning of a possible fire emergency. Additionally, Food Service staff members at College are trained annually on hands-on use of fire extinguishers and emergency procedures in the event of a fire.

Georgia Gwinnett College maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

Georgia Gwinnett College has adopted and developed numerous Safety Polices and Guidelines to help promote a safe living and work environment at all College locations. These policies, guidelines and other fire safety information can be accessed on the Internet at GGC Office of Public Safety.

Additional protection is provided by Campus Police Officers who are trained for initial response to fire incidents occurring at College facilities. Officers aid in building evacuation and extinguishment / confinement of small fires.

In addition, laboratory safety and evacuation plans are also part of the Environmental Health and Safety mission. EH&S is dedicated to maintaining the safety of our community by conducting annual inspections, plan reviews, and evacuation drills are in all laboratories on campus.
