

Psychology Program Academic Map

This academic map is a suggested four-year schedule of courses based on degree requirements in the GGC catalog. This sample schedule serves as a general guideline to help build a full schedule each term. **Missing milestones could delay your program.**

Name: _____

ID: _____

This map is not a substitute for academic advisement—contact your advisor if you have any questions about scheduling or about your degree requirements. Also see the current undergraduate catalog for a complete list of requirements, electives, and pre-requisites. *Note: Requirements are continually under revision, and there is no guarantee they will not be changed or revoked; contact the department and/or program area for current information. Specific summer courses may not be offered as planned. Created based on the GGC Psychology Program requirements.* 04-10-19 -v3

Scheduling Tips:

- ✓ Wherever a general option is listed above (e.g. "1 Course on list of Area F Courses") rather than a specific course students should consult the Psychology Program Plan and GGC Catalog for the full list of options
- ✓ 3 credits of general electives must be at the 3000 or 4000 level; this is usually accomplished by taking one 3 credit 3000 or 4000 level general education course in Junior or Senior year.
- ✓ Be sure to begin the English course sequence during your first semester; ENGL 1101 and ENGL 1102 are pre-requisite courses for PSYC 2010, which is a prerequisite for nearly all 3000 level Psychology courses.
- ✓ Students have the option to take any of the three science sequences; biology is recommended for most psychology majors.
- ✓ Be sure to take PSYC 3020 no later than Spring semester of your second year. PSYC 3020 is a prerequisite for PSYC 3030, which is a prerequisite for all PSYC 4000 level courses.
- ✓ We advise taking PYSC 4600 before the last semester, so that if it is necessary to retake the course, this does not have to delay graduation.
- ✓ It is not necessary to wait until the senior year to take the majority of General Elective courses. These were grouped together here for clarity of presentation, but can be spread more evenly throughout the four years at the student's preference and faculty mentor's guidance. Students can take General Elective courses as soon as they have met the prerequisites for those courses.
- ✓ It is not necessary to wait until all Introductory core courses (PSYC 2400, PSYC 2500, PSYC 3100 or 3110, PSYC 3210, PSYC 3301) before taking 3000 level Specialization courses. Students may begin taking 3000 level Specialization courses as soon as they have met the prerequisites for those courses.
