Students are **strongly advised** to check with the program they plan to apply to for specific prerequisites.

**What factors are considered in the admission process for BS in Radiologic Science/Medical Imaging Programs?**

1. Overall GPA including all coursework that has been attempted except for health, PE, orientation, and learning support courses.
2. Science GPA
3. Letters of recommendation.

**BS in Radiologic Science Programs in Georgia**

1. Augusta University: [https://www.augusta.edu/admissions/hs-programs/nuclear-medicine-technology.php](https://www.augusta.edu/admissions/hs-programs/nuclear-medicine-technology.php) and [https://www.augusta.edu/admissions/hs-programs/radiation-therapy.php](https://www.augusta.edu/admissions/hs-programs/radiation-therapy.php)

3. Emory University: [http://radiology.emory.edu/education/medical-imaging/index.html](http://radiology.emory.edu/education/medical-imaging/index.html)

**NOTES:** There is a tremendous diversity in requirements for different programs in Radiologic Sciences. Diagnostic Medical Sonography requires physics (not physical science). Radiation Therapy requires Pre-calculus or Calculus. Nuclear Medicine Technology requires at least one course in Chemistry and one course in Physics (not Physical Science). **Students must contact the program they are interested in applying to for all specific admission requirements!**
