¹ FTE (Full-time Equivalent)= # of full-time students+ all hours taken by part-time students divided by 12.

² Due to a known issue of truncating at decimal point, FTE of Fall 2007 was reported as 695 in the USG Semester Enrollment Report.

³ Due to a known issue of truncating at decimal point, FTE of Fall 2009 was reported as 2621 in the USG SER.

⁴ GGC did not admit Joint Enrollment students in 07-08. This student is misrepresented due to an error in coding

⁵ Fall 2008 Freshmen were reported as 914 in SER. Two non-degree seeking students were erroneously included in this classification; however they should have been reported as "Other".

⁶ Non-traditional student: 25 or older. Traditional Student: under 25 at the time of matriculation. USG SER reports degree-seeking non-traditional undergraduates only.

⁷ Average age of all students is calculated using the USG definition.

⁸ Beginning Summer 2009, USG began reporting race and ethnicity under new guidelines provided by Department of Education. GGC conducted re-survey and mapping of old categories to meet new reporting standards; GGC's revised data were able to be presented by new categories for Fall 2009 while the SER numbers, still derived from pre-survey data, were not used due to a large amount of missing information. Beginning Summer 2010, USG data collecting system was able to collect and publish updated race/ethnicity information.

As term-based, a student can be counted as first-time freshman in one term only by the Semester Enrollment Report (SER) definition. The cohort of FTF reported herein is pulled from Fall term.

For IPEDS Full-time First-time Freshman (FTFTF) cohort, the USG Retention, Progression and Graduation (RPG) tracking employs a group of variables and conditions as used in identifying the First-time Freshman (FTF) students by the SER technical definition. However, the IPEDS definition is more inclusive as to who can be counted as FTF. For example, a student who was enrolled in the fall term and also matriculated as a first-time student in the preceding summer (with additional conditions attached) can be also counted as FTF in the Fall. Thus, the count of FTF by the IPEDS definition is greater than that by SER definition.

**The USG Retention and Graduation Rate Reports indicated the first-time full-time freshmen (FTFTF) of fall 2007 cohort was 297, which was based on the legacy SIRS data (from which the Beginning Students were reported as 337 in an earlier version of SER (no longer available to the public) while the current version (revised on June 17, 2008) reported the Beginning Students as 335 (in which, the full-time was 295, Page 5 of USG SER). The retention and graduation rates published herein are based on '295' as the IPEDS FTFTF cohort of fall 2007.*
